

The One-Stop Solution for All EPR Compliances

ABOUT THE COMPANY:

Aisen is a fully owned brand promoted by Vishal Video & Appliances, one of the leading sales and marketing companies for Consumer Goods and Home Appliances. Aisen brings over 35 years of industry experience to the Indian consumers.

CLIENT TESTIMONIAL:

We are very much satisfied with the services of Greentek Reman since the beginning. We do not need to worry about any change in EPR guidelines because the Greentek Reman team always informs us and provides the best services to resolve any concern that may take our time and effort. Now we can make use of our workforce in our core business to grow in our field. Thanks Greentek Reman and team.

CHALLENGE

To attain e-waste EPR authorization, every Producer/Importer of electrical or electronic equipment listed in Schedule-I must follow the guidelines issued in E-Waste Management Rule 2016.

As such, the producer/importer must have a dismantler, recycler, logistics partner, collection centers, toll-free number, etc., to file for E-waste EPR authorization.

Vishal Video & Appliances (Aisen), under E-waste Management laws, were required to get EPR authorization for business continuity. However, making an EPR plan with all the requisite documents and services is a very cumbersome task. Frequent changes in guidelines are also a significant hurdle to getting the EPR authorization in time.

Collecting so much information and services from various service providers is very time-consuming and takes a lot of effort. It is a big challenge in front of all producers/importers looking to get an E-waste EPR authorization.

So, for business continuity and to remain within compliance, Vishal Video & Appliances approached Greentek Reman Private Limited to help them get their EPR authorization on time.

SOLUTION

Greentek Reman addressed all the concerns of Vishal Video & Appliances mentioned above by providing all services under one package - dismantling, logistics services, collection centers, toll-free numbers, support in e-waste collection target, awareness, timely updates in case of any change in guidelines from Govt. bodies, etc.

RESULTS

Thanks to the EPR services provided by Greentek Reman, Vishal Video & Appliances could get their EPR authorization with much ease. They took over all the concerns related to EPR authorization, from preparing the EPR application to all services needed after getting EPR authorization.
